welcome

It is with deep gratitude and great anticipation that we welcome you to the inaugural Stellpflug Cattle Co. Female Sale. This event has been years in the making, and we are honored to open the gates and share the heart of our program with you.

Since 1913, our family has called Wyoming home. Through every challenge and change, we've held onto one timeless truth: the woman will make you or break you. Whether in the home, or on the ranch, their strength, steadiness, and resilience are what hold it all together. The same is true in cattle. Great females are the foundation of any successful program.

That's why this offering means so much to us. We're sharing the most progressive and proven genetics in the country, backed by years of purposeful breeding and a commitment to cattle that last. These females represent the best of what we believe in: fertility, longevity, structure, unmatched maternal strength, and are ready to make an impact on your program, and your future.

With today's cattle market showing strong momentum and national demand at an all-time high, there has never been a better time to invest in proven genetics. The opportunity to strengthen your herd with females that can move the needle is here, and we are confident the cattle on offer will do just that.

Thank you for considering our program and for joining us as we turn this exciting new page. Whether you've known our family for decades or are just getting acquainted we're honored by your interest. We look forward to visiting with you, hearing about your goals, and helping you find females that will work in your program and carry your brand forward.

As a "thank you" to all registered buyers, we will be giving out tickets at the ranch on sale day to the Cheyenne Frontier Days Rodeo on July 25 and 26. We look forward to spending more time getting to know you and your families!

We'll see you at the ranch,

Andy Stellpflug

World's Largest Outdoor Rodeo & Western Celebration

As a "thank you" to buyers, we will treat you and your family to tickets to a rodeo at Cheyenne Frontier Days on July 25 & 26 following the sale!

Fellow Beef Producers, Friends and Customers,

It is an extremely exciting time in the cattle business, and Stellpflug Cattle Company has been making things just as exciting. When you come to SCC, you're going to see enthusiasm, energy, and a beautiful facility. Andy Stellpflug and his dad, Glen, first came to our place in the spring of 2020. He purchased four Hereford bulls for his commercial herd and one horse. Since then, that number has grown to more than 200 head of seedstock and several horses. Andy wants the best! For his short time in the registered business, he has acquired breed leading donors, both Hereford and Angus, and one whale of a cow herd. You will have access to own our genetics from the donors of herd bulls like Rise Above, Thedford, High Road, Bar None, Raegen, The Program, Match Grade, Prolific, Fair-N-Square, Craftsman, Summation, Barricade, Thomas County, High Time, Pilot, Monument, Endure, Gunsmoke, and Next Step.

It is pretty amazing that Andy has gathered these dominant matrons in such a short time. I encourage you to make the trip and enjoy the Stellpflug family's hospitality. Andy and Theresa have played a huge role in our family's business. We encourage you to get to know them and you will understand why we have let them in so deep. It will be an experience like no other in the purebred cattle industry!

We feel this is what a Hereford cow should look like. She's ultra feminine, deep sided, level designed, perfect footed, and has a great udder. She produced Thomas County whose been used in both of our programs heavier than any Hereford bull in the last three years. The Thomas County daughters are exceptional as you'll see through lots 1-5 in this sale. She has a very unique pedigree that can work on a wide array of bulls.

Potentially our best fall bull from last year's calf crop is a natural calf of the On Demand x 7945 mating. 7945 is the mother of Thomas County and is one of our all-time favorite donors. The Thomas County daughters are a highlight in this sale, and they really resemble 7945. On Demand has been the hottest bull in the breed for the last two breeding seasons. New Standard sons topped many sales last spring, ours being one of them.

NJW 202C 4013 HOMEMAKER 90H ET

90H is the dam of Stellpflug Gunsmoke, who's doing a great job. The Stanfield progeny are stout with extra bone, length and true performance. This mating could make herd bulls like no other. The Stellpflug Then Some x 90H mating fits extremely well phenotypically and his progeny are some of the most elite cattle you will ever find with this type of EPD package.

E066 is a cow like no other. She can draw the birth weight out of any mating and makes definite herd bulls, such as High Time, Greater Plan, Time Again, Mastermind, and many others. Stimulus continues to gain steam for both the show ring and performance cattle. It could be extremely exciting to get a polled Stanfield son or daughter out of the great E066. Monument x E066 is a double shot of calving ease that you can stand to look at. Both sire and dam here have done a remarkable job of making calving ease type cattle that have phenomenal numbers and quality.
